Why Savings Bank Life Insurance belongs in the portfolio of every contemporary man and woman.

Savings Bank Life Insurance is America's lowest cost life insurance for all Ordinary Life, Endowment, and Renewable Term. That is one reason why.

For example, under the SBLI 5-Year Renewable Term Plan, a man of 40 can buy $25,000 in Savings Bank Life Insurance for less than $100 a year.* (at age 25, the cost is less than $75 a year†). This makes it possible to provide extra protection — at lowest cost — at a time when families need it most. In addition, an SBLI 5-year term policy is automatically renewable and convertible to any one of several permanent policies up to age 65, without additional medical examination.

This assures continuity of protection, no ... or what health condition might develop.

Another reason why is that although Massachusetts Savings Bank Life Insurance is available only to people who live or work in Massa- chusetts, you can keep any amount you own at the same low premiums even if you should leave the state.

To learn more about the many kinds of SAVINGS BANK LIFE INSURANCE, visit our bank and ask for a free copy of the informative SBLI FACTS booklet. While you're there, you'll be pleased to answer any questions you may have about SBLI. And you don't have to be a depositor or customer of the bank to receive this service.

*SBLI IS 4TH IN THE AMOUNT OF ORDINARY LIFE INSURANCE IN FORCE IN MASSACHUSETTS OF ANY LIFE INSURANCE COMPANIES LICENSED IN THE STATE.
