Letters to The Tech

Continued from page 5
To the Editor:

This is written in response to the letter by Jeff Gale you published in your last issue. He claims the concerts at MIT lose money due to high costs and that "those who misplan the concerts," and by adding the conveniences of holding the concert on campus, we would be investing a portion of our dough money to provide a service to the MIT community.

I hope to see Jeff Gale at the Tom Rush concert and hope that this clears up his obviously confused mind.

* The Student Center Committee (SCC) is now in the process of filling the space left vacant by Tech Model Railroad Club's set-strans. and installation of ping pong tables, Student Art Association exhibits and demonstrations, and installation of Tech Model Railroad Club's set-up. The subcommittee studying the situation has concentrated on moving the wall to make an open lounge.

The most interesting plan which the SCC considers practical and legal is to purchase three or four bumper pool tables. (Bumper pool tables are much smaller than regular pool tables and have bumpers which make the game more interesting. The proposed "bumper pool room" would be open the same hours as the bowling lanes and the regular pool rooms, which are run by MIT.

The committee considers this the most promising idea they have received; however, according to SCC members, more student input is wanted. They may be reached at x9713. In any case, an opportunity for students to affect their own lives could do to eliminate the competition was possible to know all the events that are going to occur, some even before they are planned, and given first priority on Kresge Auditorium, all we could do to eliminate the competition would be to hold the concert on a Tuesday morning.

We hoped by charging a "break-even" ticket price, that our competitors would charge for an equally popular artist, and by adding the convenience of of holding the concert on campus, we would be attracting a portion of our donut money to provide a service to the MIT community.

I hope to see Jeff Gale at the Tom Rush concert and hope that this clears up his obviously confused mind.
