Cochi sets new career mark

MIT's lacrosse team finished a season on a low note Saturday, with a 16-7 loss to UMass in Briggs Field. The team's overall season record is 5-9. However, they posted a winning 5-4 record in the Northeast division, which includes all lacrosse teams except Brown and Harvard.

UMass' win is in part due to the fact that they were able to keep MIT's star scoring threat, Steve Cochi, completely away from the nets. This was the first time in Steve's intercollegiate career that he had been held scoreless.

Cochi, a now a sophomore, is the first person in the history of MIT lacrosse to have played on a varsity team as a freshman. In his two years as a varsity stickman, Cochi has broken every MIT single season and career scoring record. Against Tufts this year Steve scored 8 goals and 4 assists, for 12 points, to cop the record for most points in a single game. His new career point record total of 121 is 16 over the previous record of 105.

Cochi, 5'7" 145 lb., shown here in the white jersey wearing number 5, plays inside attack in MIT's aggressive style of play, and is a strong candidate for All-American honors.
