To the editor:

I recently received a mimeographed copy of a student evaluation of history courses, which was distributed by a committee composed of Mr. Bruce Wheeler and Mr. Mitch Serota requesting that I read the evaluation. It appears to have been initiated and executed without consultation with the faculty, and the evaluation was "to be my own." Although I understand that if I find the evaluation "not acceptable . . . for substantive reasons" I may indicate this directly in a letter, I greatly resent the reasons in a letter (Pete Meseri, chairman of the Student Committee on Educational Policy, who received another copy of this letter).

Since I do not agree with the findings of the committee evaluation, I have asked for all the evaluation forms, to examine them, and I am considering the possibility of examining them at length why I feel the evaluation is worse than useful, that is, it is harmful, irresponsible, and sets a rather clear case in the case in favor of increasing student participation in decision making, and opens the door to the kinds of discussion and the kinds of change that are possible when students, an evaluation should be useful to both the student and the faculty.

For further information on these opportunities, call or visit David Burmaster, 20C-230, Monday through Friday, 3-4 p.m. For a study of the Route 128 complex for later development projects.-

NOTE

The final date to make a change in registration without a fee is Dec. 1, and the last day to drop a subject by correction card is Dec. 19. The Student Academic Calendar, Dec. 1 is also the final date to drop a subject with a grade of W.

Today (Friday) is the deadline for changes by fourth year students of elective subjects, for the Winter I term.

Would you like to take a course covering the peace movement? Active in the peace movement for several years, I am now organizing a nucleus for a semi-resident acting company. Professor James P. Anderson will be available in the Undergraduate Room 10-303, x5243.

The Daniel Schorr and Helen Nearing will be speaking at McCormick Hall, MIT, 4 p.m. on "If the Future of the U.S. Economy: Where Is It Going?" in the 10-105 Bush Room (10-105). General public invited.

A seminar-discussion on the role of technology in the transformation of some of our cultural and mental conditions will be sponsored by the American Association for the Advancement of Science and the student chapter of the American Neuro- logical Association, Thursday, Dec. 2, at 3:30 p.m. in Room 9-150.

Competition for D.A.A.D. fellowships occurred in the Chemistry Department for the academic year 1972-73. The awards were announced by Prof. Mozelle at the 10:30 a.m. meeting at the Chemistry Library.

Mrs. Helen Nearing will be speaking at McCormick Hall, MIT, 10 a.m. on "If the Future of the U.S. Economy: Where Is It Going?" in the 10-105 Bush Room (10-105). General public invited.
