B-State 2nd half tops gym

The MIT gymnastics team was able to defeat Boston State to even their record at one and one. It was painful because most members of the team did outstanding jobs, but a couple of poor performances negated their efforts. The team had to get a good lead in the first half to counteract Boston State’s strong second half. The three B’s on floor exercise, Beck, Bocek and Bell, did their part with another new record event score of 23.0. Senior captain Dave Beck also broke the record, but a couple of poor performances kept them from a second place finish. Larry Bell ‘74 got second on parallel bars with 7.25. Danny Bocek ‘72 with 8.4 on vaulting and John Austin ‘74 with 5.9 on high bar accounted for the third places. The team lost the second half by 3.8 to give a final score of Boston State 119.9, MIT 116.95.

The team has two meets this week, to finish up the pre-IAP half of the season. They travel to New Hampshire Wednesday night to meet last year’s New England Champs, UNH. They come home Saturday for their final meet before Christmas. Floor exercise: MIT 23.0 Beck 8.4, Bocek 7.6, Bell 7.0; Boston State 21.9.

Pommel Horse: MIT 14.75 Dubro 6.35, Bayer 3.2, Bell 3.2; Boston State 17.15.

Rings: MIT 18.50 Millman 6.85, Dickens 6.5, Bell 4.9; Boston State 16.1.

8.4. The second half started with MIT ahead by only .85, so despite their efforts, the remaining men couldn’t hold off Boston State. The Techmen hit well on all three events, but were only able to pull out one second and two thirds of the first three places. Larry Bell ‘74 got second on parallel bars with 7.25. Danny Bocek ‘72 with 8.4 on vaulting and John Austin ‘74 with 5.9 high bar accounted for the third places. The team lost the second half by 3.8 to give a final score of Boston State 119.9, MIT 116.95.

DO THE DEAD RETURN???

A Startling and Controversial Program Dealing with Extra Sensory Perception Predictions of the Future

The Supernatural

Andre Kole
America’s Leading Illusionist

Andre Kole has spoken in 43 countries on five continents of the world, and on national television in 30 countries. This year, he will probably be performing and speaking on more college and university campuses throughout the world than any other person.

UNMASKING THE UNKNOWN

is the title Mr. Kole gives to this intriguing presentation in which, among other things, he will give a visible demonstration of the fourth dimension, and reveal startling predictions of the future which could affect the life of every person in attendance.

This annual presentation is sponsored by MIT College Campus Crusade for Christ International. Mr. Kole will include some presentations be made from his investigation of the miracles of Christ from the point of view of an illusionist. This will no doubt be the most unusual program you will ever witness. No children will be admitted.
