The occupants

By Jeffrey Mametstein

The occupants of the ROTC building are on the final ones on trial. In some, the MIT community has been called for divestment, which is worse than social productivity - research, the panel issues. community to discuss topical social spring of 1969, President Howard demonstration at the Draper Labs in the when - we forced them to- Let me give a at Harvard and realized that ROTC was even agreed "in principle," but there was no action. We began to feel that if we MIT community, and to demonstrate that important in the war, MIT has more than government.
The US has been involved in the period of pressure and general turmoil, The group never reported, until finally, The administrator has the responsibility to establish guidle-
