Women win every race: take first Lark regatta

MIT's varsity sailing teams scored a first and second place in their three regattas last weekend, securing their first place in every race to best entries from Radcliffe and Boston University. Tomorrow and Saturday the women will compete for the Varsity Coffee Urn Trophy in Radcliffe's annual Fall Regatta, as they attempt to preserve their undefeated record in trophy events that fall.

On Saturday, teams from thirteen schools assembled at MIT to sail in the MIT Open Invitational Regatta. The winds were light and shifty, with the afternoon races postponed until after lunch because of the poor conditions.

Walter Frank '74, with Arsenio Nunez '73, and Randy Young '74, with Rich Zippel '74 crewing, placed first in B-Division, for a second-place overall finish behind Tufts. Results of the regatta were: Tufts 31, MIT 57, Harvard 58, Boston College 59, Coast Guard Academy 60, Maine Maritime 75, Babson 82, Northeastern 98, Pace 100, Springfield College 104, of Maine 110, Brown 113, Emerson 131, and Boston State 148. Frank Keil '73, with Zippel as '75, with Nunez crewing, and Donaghy Bowl at Holy Cross.

The Head of the Charles: MIT Elite 4 takes first

By David Katz

Though the official results are not in yet, it appears that MIT has won the Past Reveve Cup, which is awarded for the best overall finish by a team in the Head of the Charles, the major fall regatta. Harvard is the probable runner-up.

The 'Head' was held on the Charles River last Sunday, a warm, but overcast day. The very light and bracing wind that was blowing was not strong enough to be a factor in the race, as MIT rowed to its best finish in years.

It seemed apparent that MIT was destined for a good day when reports filtered back to the MIT boathouse, that the MIT 'Elite Four' (Bow, Kreman '74; 2, Chisholm '75; 3, Ordway '74; 4, Lefebre '74) had passed the Union Boat Club four made up of members of the US silver-medal winners from this year's Olympics. The final results of that race showed that the MIT four and the four from the Potomac Boat Club finished in a dead heat (the participating rowers agreed that there were so many of them, race against the clock, not against each other). The Potomac boat, however, was penalized ten seconds for starting out of the gate, thus giving MIT an undisputed first place.

MIT's lightweight eights also finished quite well, with the first and second varsity coming in third and sixth respectively. The event was won by the Potomac Boat Club, with the best time of the day, 15:32.8.

The MIT women's crew, not to be outdone by the men, also finished very well, placing third in their event, beating out the pre-race favorites from Radcliffe, who finished out of the money altogether.

Results of the regatta were: Coast Guard 32, MIT 35, Harvard 39, Worcester Polytechnic Institute 49, Boston University 60, Yale 65, and Holy Cross 68.

Tomorrow and Sunday, the men's varsity will compete in the New England Team Racing Championships. The four-crew event (Fourie Trophy), of which MIT is the defending champion, will be sailed at the Coast Guard Academy in New London, Connecticut, while the three-crew races (Staake Trophy) will be sailed at MIT. The freshman squad will sail as an invitational at Tufts on Sunday.

The Alumni Pool will be the scene of a great deal of action this weekend, as the MIT water polo team hosts the New England. The team, which has looked very strong so far this year, was to have played arch-rival Harvard last Tuesday night, but Harvard forfeited. The photo shows two MIT players swimming.
