Tuesday's Electrical Engineering Coffee Hour featured Professor G.L. Wilson on the topic "Everything you always wanted to know about dirty plasmas, but were afraid to ask." Plasma is the fourth state of matter (univalent gas). The lecture concerned itself with the characteristics of high voltage insulators, when they are wet or dirty. One installation was described in which bird wives made a critical error in its construction.

PROCEDURE FOR MAKING ADDITIONAL NOMINATIONS FOR STUDENT DIRECTORS

Pursuant to Article VI, Section 2, of the Society's By-Laws, as amended, additional nominations for student directors may be made by petition signed by at least one hundred student members and filed with the Clerk (by leaving the petition at the General Manager's office in the Harvard Square Store) not later than 5 p.m. April 23, 1973. A signature will be invalid unless the student designates his membership number and school and he is currently enrolled in that school.

If a student member signs more than one petition, his signature on each petition will be disregarded.

PROCEDURE FOR MAKING ADDITIONAL NOMINATIONS FOR OFFICER-ALUMNI DIRECTORS

Pursuant to Article VI, Section 4, of the Society's By-Laws, as amended, additional nominations for officer-alumni directors may be made by petition signed by at least one hundred non-student members and filed with the Clerk (by leaving the petition at the General Manager's office in the Harvard Square Store) not later than 5 p.m. April 23, 1973. A signature will be invalid unless the non-student member designates his membership number, the school which is the basis for his membership eligibility, and his current relationship with that school (i.e., officer, alumni, or employee). No current degree candidate of Harvard, Radcliffe, MIT or ETS may sign. If a non-student member signs more than one petition, his signature on each petition will be disregarded.
