Soccer wins 2 in a row

By Glenn Brownstein

MIT ran its soccer record to 4-0-1 with victories over Lowell Tech and Boston College last weekend. The Engineers outplayed Brandeis two-nil on the last ten minutes.

The second half was clearly dominated by MIT, as the Engineers outstripped Brandeis 4-4, and outplayed them in every respect. Unfortunately, MIT was able to score only once, at 76:00 on a shot by Shin Yoshida '74 after a good cross by Greg Hunter '76.

The Tech squad faces a very difficult week, with two games against sectionally-ranked teams upcoming. MIT plays at Spring-Field tonight at 7:30, before returning home Tuesday to play a crucial Greater Boston League game against Tufts at 7:00. A must win if the Engineers are to have any chance for the GBL title.

The defense was spearheaded by Captain Mark Abkowitz '74, who was always in the right place to stop Lowell's drives. Both of MIT's fullbacks, Neal who was always in the right place to stop Lowell's drives.

The Tech game marked the return of Frieder Krops '77 to the front line after a week-long absence due to a leg injury. MIT scored twice in each half on goals by Lampros Fatsis '77, who is the best in the conference. The first goal was assisted by Greg Cash Athletics '74, his second assist this year.

On Tuesday, MIT clinched back over 500 and earned their GBL record at 1-1 by defeating Boston College 1-0 at Bridge Field. Shin Yoshida scored Tech's only goal (ten minutes into the first half) on a penalty kick that was called after BC forward Gene Box was ejected from the game for kicking Yoshida. It was Yoshida's fifth goal of the year and MIT's best.

The game was played more offensively than normally by both teams, as MIT and BC combined for a season-high 45 shots on goal.

Soccer wins 2 in a row

MIT's fullbacks, Neal who was always in the right place to stop Lowell's drives, as well as the unheralded MIT subs, or "splinter squad" who, in addition to keeping the starters well-replaced, played an important part in the win. For the sessions starting Fall, 1974, the European Medical Students Placement Service, Inc. will assist qualified American students in gaining admission to European medical schools.

And that's just the beginning.

Since the language barrier constitutes the principal difficulty in succeeding at a foreign school, the Engineers Medical Students Placement Service provides three medical schools for students in the United States, French, and Italian language programs.

In addition, the European Medical Students Placement Service provides students with a 12 week intensive cultural orientation course, with American students studying medicine in that particular country serving as counselors.

For application and further information, contact the service at Room 102, Old Chemical at Harvard University, Cambridge, Mass. 02138; or write:

110 Old Country Road
Waltham, Mass. 02254

For information about the Phoenix taking the hassle out of buying theatre tickets:

Remote Box Office:
To save you the trip downtown to get tickets, we've set up remote box offices in cooperation with Brandeis, Harvard and Boston. Their addresses and phone numbers are listed below. At these special box offices, we'll sell you a reserved orchestra seat for $4.95 or a reserved mezzanine seat for $3.00. These rates are 10-15% lower than regular box office prices. You don't have to be a student to qualify for these rates; just buy your tickets at the remote locations. (They're not available downtown at the Shubert.)

Two Ways to Get Tickets:
Phone reservations. Call the Phoenix box office nearest you. You'll have to pick up your tickets 48 hours before the show.

Student rush. If you want to take your chances, chances are better at the Shubert (not the remote box offices) 1/2 hour before the performance you want and get whatever remains for $3.00. You will need a student I.D.

And don't care what you wear to the theatre; we just care that you come.

The Phoenix takes the hassle out of buying theatre tickets.

Simple, straightforward, classic - out of step with today's preconceptions. Refillable cartridge, ballpoint or fiber tip marker in basic tan or navy blue. $1.98, not bad for a pen you may use the rest of your life.
