Students informed of strike

By Storm Kasuffman

MIT officials held a meeting late Thursday afternoon to inform student leaders of their rights and responsibilities during the strike and to answer questions.

Vice President for Administration and Personnel John Wynne told the group that no specific provisions might have to be made to have food delivered. Vending machines run by Service, Inc., will not be refilled during the strike.

As to when the strike could be expected to end, Wynne pointed out that the workers will receive their back pay for the next two weeks and that he did not see the slightest chance of resolution before then. Davis said that the Institute had made a very fair and reasonable offer which had been accepted by another union and that he would not recommend an increase. He also indicated that he would not ask for or agree to outside arbitration.

The greatest calculator story ever told.

The New Calcumatic 870.

When reviewing the 870's impressive list of features, you may find our price a little hard to believe. So we'd like to go on record as stating that this definitely is no rip-off. Because the Calcumatic 870 is a quality-engineered product, utilizing advanced Rockwell circuitry and guaranteed for a full year: parts and labor.

Order at No Risk.

If ordering something by mail isn't your usual style, we offer this additional assurance of your complete satisfaction: If you're not satisfied with your new Calcumatic—it simply returns the unit within ten days, and we'll send you a prompt refund of the purchase price.

Our Incredibly Low Price...

The Calcematic Equipment Company of Rockville, Maryland—one of the world's leading specialists in electronic calculators—proudly introduces an incredibly-remote pocket scientific calculator...at a price lower than you'd expect to pay for a machine without these vital scientific features. Making the Calcumatic the perfect tool for all engineers, scientists, statisticians, and businessmen...while also being the first truly affordable unit that students won't outgrow!

In both high school and college, the Calcumatic is an immense aid in mastering such courses as algebra, geometry, trigonometry, calculus, economics, statistics, pre-med, physics, chemistry, and many others. And without the 870 (or other scientific) students are sure to be at a decided disadvantage to their classmates who do have one.

Through product knowledge is one of the cornerstones of our success. So when you buy your calculator from us, we make sure you know how to use it. And since we obviously can't meet our many mail order patrons, we've had our professional Calculator Counselors* compile a comprehensive instruction booklet, tailored to the questions and types of problems we experience daily from our retail customers, utilizing advanced Rockwell circuitry and guaranteed for a full year: parts and labor.

LEADERSHIP IS WHAT IT'S ALL ABOUT

In the Army ROTC Program

Freshman men and women are invited to share in the challenge of leadership by enrolling in the four-year Army ROTC Program which leads to a commission as a Second Lieutenant in the US Army or Army Reserve. Enrollment in the first two years entails no military obligation.

For details, inquire at 20E-126 or call 3-4471.
