be allowed to see the recommen-
dations once he registers with
MIT, as provided by the guide-
which went into effect Nov. 19, ac-
cording to Richardson. The Director added. "If they are
there are many appliactions out there without a warning which
would arrive after Nov. 19, which
were, according to the Insti-
time line by line, would be available to the
The basic problem, according to Richardson, is "do you do what
by right or by law?"

Director urges students to visit MIT applicants

since MIT has a "moral commit-
to preserve people's privacy" he is
willing to lend letters during the
summer to those whose recom-
mit in accordance with Nov. 19
asking them to allow MIT to
the right to recommend students. "We are making a
good-faith effort to deal with large
numbers of people," he said.

While no decision on class
size will be made until late Janu-
ary or early February, Richard-
would 1,000, which was also the
target for the class of '78.
