Winter comes to the 'Tute

The first major snowfall of the winter hit last Monday night, when Cambridge got over an inch of white stuff on the ground. Although the snowfall did not cause major problems for snow removal forces, and Physical Plant handled the accumulated snow easily, the cold temperatures that came with the snow were not easy to deal with.

Snow gave way to rain last weekend, as a major storm moved in from the Midwest. After stranded a number of travelers in Midwestern cities with snow, the storm dumped inches of rain on the East Coast yesterday, flooding areas on the MIT campus.
