The Patrol has been notified of the larceny of a typewriter from Building 5. This is a Smith Corona - 220 Automatic Portable machine. Information on this machine has been forwarded to the local departments for a check.

11/27/74
The Campus Patrol, while conducting a routine check of the West Garage, observed a vehicle with an unlocked door. The vehicle had been observed in the same location on the previous days. Papers had been strewn on the floor and property to the value of $400 had been taken. Members of the community are advised to check their vehicles. Unlocked doors are an invitation for larcenies.

11/29/74
A report was received from the Student Center of the larceny of a phonograph from a table by one of the students. A check of the vicinity produced two youths who were identified by the student as the culprits. The student was informed that he could obtain a complaint in court against the thief but declined.

11/29/74
As the result of information the Campus Patrol stopped a vehicle travelling at a high rate of speed in the vicinity of Amherst Alley. Five occupants of the vehicle, none of whom had any affiliation with MIT were taken to the office and checked out. Students are urged to report any suspicious vehicle, especially during the late hours, to the Campus Patrol for a check.

The Campus Patrol reports close to 1,000 ambulance assistance calls as of December 1, 1974.
