---

**Fire Blotter**

Police Blotter is a weekly compilation of Campus Patrol Activities on and off the MIT campus.

Items for the Blotter are selected by the Patrol.

---

**Activity boards in hall threatened by exhibit**

(Continued from page 1)

for next Tuesday with Weinberg, U.S. President Steve Wallman ’75, Associate of Student Activities President Mike Kneizetz ’75 and Vice President for Administration and Personnel John M. Wynne to discuss the situation, Wynne told The Tech yesterday.

"I believe that we can find a suitable way to solve this problem," Wynne said. "We can find an appropriate place for the bulletin boards, and still have the exhibition."

Wynne said that concern among the administration about the appearance of the corridor was the main impetus behind putting Weinberg in charge of the exhibitions. "There was some feeling that the corridor was becoming a row of billboards," he said. "I believe that people feel that would be the wrong thing to do with that space."

Lund, however, pointed out that exhibition space was available at the other end of the corridor, in buildings 4 and 8. "The bulletin boards are more important to the community than just putting exhibitions in better places," he said.

**Eye Summer Term**

Regular Yale undergraduate term

Full-time or part-time study

---

**Police Blotter**

Not everyone got into the spirit of "Gay Wednesday," sponsored Dec. 11 by the MIT Student Homophile League. Tee-shirt signs and dresses weren't the only indications of dissatisfaction with the day, when homosexuals were supposed to wear blue jeans as a sign of unity, see page 5 for more controversy.

Students who plan to be away for the upcoming Holiday IAP periods and who seek adequate storage facilities for safekeeping valuable personal property: stereos, typewriters, etc., may have such items at the Campus Patrol Headquarters (Bldg. W31-215) for safekeeping. Items should be boxed or packed whenever possible.

12/4/74

The Campus Patrol observed an attempted larceny of a motor vehicle during a routine patrol. The owner was notified to replace the damaged locks on both doors. This vehicle had been parked by the owner the previous day in the West Garage.

12/4/74

The Campus Patrol received a report of the larceny of a bicycle that was chained to a fixture in Building 16. This bicycle was a 10-speed blue man's bike with a black cushion seat. It was a new Panasonic bike valued at $400.00. Again students are urged to make use of the bicycle compound at Building 13.

12/5/74

A report was received of damage to the parking booth at the Kresge Parking Lot. This was done by a student attempting to pack a U-Haul truck in the lot.

Students who drive rental trucks are requested to use the utmost caution while in control of these vehicles. The Patrol often receives reports of damage done by rented trucks to trees, bridges, parking booths, and other parked vehicles.

12/7/74

The Campus Patrol while on patrol in the vicinity of Memorial Drive observed two men carrying tires from the directions of the Tang Lot. The culprits dropped the recently possessed property and fled in the night. The Campus Patrol are now the caretakers of the property until reclaimed by the lawful owner.

Students who leave motor vehicles on the MIT property during the Holidays should be advised that this is an area of spiraling auto thefts and steps should be taken to remove the coil or otherwise immobilize the vehicle.
