MIT fifth in NE wrestling

By David Zigmond

Team captain Jack Mosinger ’75 led the MIT wrestling team to a fifth-place finish in the New England wrestling tournament held last weekend at the Massachusetts Maritime Academy in Cape Cod.

Murray too strong. Erland 2nd

By Erland van Lidth de Jeude

We knew that the heavyweight title was Murray’s for the taking. Murray won the New England wrestling tournament last year, and his team was once again the favorite. Murray is a very strong wrestler and has won multiple titles in various tournaments.

The tournament began with the quarterfinals, where Murray faced off against his closest rival, Erland. Erland was determined to upset Murray and win the title. The match was intense, with both wrestlers showing their skills and determination. In the end, Murray emerged victorious, securing his second consecutive championship.

Crew travels to Florida for off-season workouts

By Peter Holland

Peter Holland, the MIT varsity lightweight crew coach, has taken his crew to Melbourne, Florida, during IAP in what has been an annual trip to train in the warmer weather and test rowing conditions prevailing at the Northern Illinois University Technology at the month of January.

Since beginning these trips in 1972, the Engineer crews have become more competitive in large measure to the benefits of two-week practice over the four-week holiday period. This year’s contingent included 21 heavyweights, two lightweight, and nine women.

Coach Peter A. Holland was in charge of men as well as women. The fishing team of the Maritime Academy was also coached by Stu Stevens ’77. The second contingent included Tom Higgins ’75 and Mike Ryan ’78. The Massachusetts Maritime Academy women’s team was coached by Fred Bunke ’78, respectively.
