NOTES

- In an effort to encourage MIT students to extend a warm and friendly welcome to the Class of 1979, the Admissions Office will again make available the "Freshman Arrival List." Students-to-students contact during the month of April, when decisions as to choice of colleges are being made, is important for the applicant and for MIT. All students are encouraged to call, write or visit as many of the Class of 1979 as possible. Lists will be available for consultation in the Admissions Office (5-108) at 10am on Friday, March 21. The official representative of a living group or major activities group may sign for and pick up a copy of the list any time after 10am on the 21st.

- Freshman Evaluation Forms are due on Friday, March 31. Instructions: deadline is Friday, March 28.

- Space hearings will be held on Wednesday, March 19 at Burton House Dining Hall and on Thursday, March 20, in W204-100, 7:30pm to 10:00pm; all Association of Student Activities recognized organizations that currently hold space and all wish to obtain space or change space are required to attend. Organizations that currently hold space and do not wish to change space they occupy need not attend unless otherwise notified by the ASA Executive Committee. The purpose of these hearings is to allow the ASA to get a picture of the space needs of the MIT Student Activities Community. All groups applying for space are subject to space forms fully completed and returned by March 17. Forms may be obtained and must be returned to W204-100. If your organization wishes to obtain space and cannot attend either hearing contact Terry, X-2969, on or before March 17.

- Nominations are being sought for two major student awards and one award for an employee to be presented at the annual Awards Convocation in May. Stewart Awards recognize contributions to student life. The Award honors significant contributions to a particular activity or event. James N. Murphy Award for an employee recipient is an employee whose relationship with students goes beyond what might normally be expected.
