Hockey team going on one-year trial basis

By Gordon Magrath

(Gordon Magrath '76 is a member of MIT's hockey team.)

The MIT athletic department, acting on the recommendation of head coach Wayne Pecknold and the support of the players, has decided to change the status of MIT's hockey program from a varsity sport to a club sport, effective for the 1975-1976 season.

The primary reason for the change was that MIT has had little success against its opponents for the past few years, losing all of its games the last two seasons. MIT's comprehensive base has placed limitations on the quality of players available, while other schools have been able to upgrade their programs substantially by hiring high school talent to play for them. The decision will make all MIT students eligible to play intercollegiate hockey, not merely undergraduates.

Springfield steadiness stops soccer squad, 4-0

By Gregg Fenton

(Gregg Fenton '77 is the MIT varsity soccer manager.)

The MIT varsity soccer team was overmatched by a New England-rank Springfield College squad Friday night scoring 4-0. Although MIT showed no lack of effort in the better-skilled home team controlled the ball and kept play out of its own end.

At the start MIT brought the ball upfield easily, but soon the momentum of the game turned. Springfield, which featured a strong defense, was a good bet to capture the conference title. Northeastern, however, was only a 4-10 team this year. Winning 3 of 15 is not as bad as the 3-10 mark which was the record for the previous two seasons.

Rosters for IM Basketball

Brandeis fans were treated to a night of defending University and Bentley while losing to Brandeis by 27. The Engineers followed with their fifth straight dual meet victory.

Frank Richardson '77 paced the Brandeis squad, followed by Steven Keith '78 as about 40 people gathered in Franklin Park. All the small colleges in New England will compete. This is the first of three championship meets climaxing with the nationals.

V-ball tops Northeastern for fifth straight victory

By Karen Pessol

The MIT women's volleyball team extended its winning streak to eleven regular season matches when it triumphed Northeastern University Thursday night 15-4, 15-6. The Engineers have not lost a set this year.

In the 6th set, MIT missed four game. The team's next home game is tonight at 7:30pm against Tufts University at Briggs Field.

Stanford MBA

REPRESENTATIVE COMING TO CAMPUS NOVEMBER 6 and 7

A representative of the Stanford Graduate School of Business will be on campus to discuss with interested students the exceptional educational opportunity of the Stanford MBA Program.

Appointments may be made through The Career Planning and Placement Office.

The Stanford MBA program is a two-year general management course of studies designed for highly qualified men and women who have bachelor's degrees in liberal arts, humanities, science, or engineering, and wish to develop management skills to meet the broad responsibilities which will be required in both the private and public sectors in the future.
