Baseball beats Boston State

By Glenn Brownstein and Dave Cohen

A fourth-inning grand slam home run by centerfielder Roy Henkenson ’76 helped the baseball (6-3) team to a 10-4 victory over Boston State College at Briggs Field Saturday afternoon. Henkenson’s blast erased a 3-2 deficit and gave MIT a lead it never relinquished.

The Beavers added three more tallies in the sixth to clinch the win. Freshmen Pete Siemianowicz, leading hitter on the Florida trip pitched seven innings and received credit for the victory, giving MIT a winning record of 13-6-1.

Despite the loss of a shopping trip this year due to budget problems, the squad approached next month’s New England Championships in a confident manner, having lost only one senior from last year’s team and getting strong contributions from freshmen. The freshmen also helped Harvard at home today at 3:30.

The MIT Shotokan Karate Club began the competitive phase of its training this semester at the New England Collegiate Karate Cuscoevence Novice Free-Sparring Tournament, a banal competition that opens up new possibilities to people with less than one year of training.

The MIT team of Jerry Kasting G, Doug Mook G, Chris Judd ’76, Dennis Chin ’77, and Corrine G. C. G. was eliminated after two successive losses to Boston University and Tufts’ A runner-up and winner respectively.

Gee was undefeated in the individual women’s division. Her strong showing culminated in a victory over Maxine Gordon of the University of Lowell for first place.

In the team competition, MIT lost its first match to a strong BU team, scoring one draw and four losses. The second match against Tufts’ A was closer with MIT posting one win, one draw, and three losses. Kasting contributed the only MIT victory.

Despite last year’s team and Gee was undefeated in the annual competition against Tufts ‘A’ was closer with MIT posting one win, one draw, and three losses. Kasting contributed the only MIT victory.

‘A’ and ‘B’ rugby sides lose to Harvard Business

By Charles Cox

MIT’s A-side and B-side rugby teams lost to the Harvard Business School on Tuesday by scores of 13-7 and 25-6.

In the ‘A’ game Harvard chalked up its 13 points in the first half by reeling off a penalty goal, a converted try, and an unconverted try before MIT could retaliate. The Engineers closed the scoring in the first half when Lou Williams G crossed the try line for four points. As usual, the small MIT scrum was pushed around by the opposition, but some sloppy passing by the Business School backline slowed the backfield enough to keep the game within MIT’s grasp. During the second half the Engineers held Harvard scoreless while Williams booted a penalty goal for the final three points of the game.

In the ‘B’ game the Business School rallied five unanswered tries in the first half and added a sixth in the second half before John Kavanagh G put MIT on the board with a penalty goal. Harvard followed with one last try and Kavanagh connected on another penalty goal to round out the scoring.

The Engineers face Tufts next Saturday at Medford.

PROFESSIONAL TYPING

For Educators, Authors, Architects, Dissertations, Theses, Reports, Cassettes—You type it. We type it.

After just 18 weeks of specialized training, you'll take a management position with real responsibility. It could be at one of our Port Safety, Marine Inspection units. Or helping operate a recreational boating safety program. You'll be on the job with the nation's foremost maritime law enforcement agency. Protecting man from the sea and the sea from man.

The Coast Guard is known for saving lives and property. Today our role is expanding as we protect coastal sea-life resources from depletion by fishing fleets and intercept major narcotics smugglers off our shores. A Coast Guard job is a big responsibility.

The rewards are excellent, too. A starting salary of over $10,000 a year, post-graduate training opportunities, and excellent retirement benefits. After only 20 years if you decide to stay with us, all the other benefits of military service. Of course, the personal satisfaction with a job well done is its own reward.

The Coast Guard OCS is a golden opportunity. But applications for August classes will be closing very soon, so call Robert Robinson in Boston at 223-3617. He's got the answers about a Coast Guard career — ways you can make your degree pay off in gold.
