Hitchhiker Robbed

A young woman hitchhiking alone on Mass. Ave. outside M.I.T. not long ago was robbed at knife point after being picked up by a man driving a light green car, thought to be a Karmen-Ghia. After picking her up, the man drove into the Ashdown House parking area, pulled a knife and demanded her money. He then searched her herself, and pulled a necklace from her neck. Ordering her out of the car, he then fled the scene. The suspect is described as: 28 to 30 years old, tall, slender, light brown hair, with a mustache.

Auto Theft Fails

Officers on patrol in the Westgate area Saturday night broke up the attempt to steal a green Pontiac parked there. The attempt was carried out by three youths while two stood in the shadows of Vassar Street buildings watching for the police. All three worked on the target vehicle itself. Warded off the approach of the Officers by the lookouts, the one working on the car raced across Vassar Street, joined his partners, and the trio fled into the darkness toward the railroad tracks.

Valuable Stolen

Two men, age 18 to 19, one of whom was wearing a tan coat, were spotted by an alert Westgate resident Sunday morning around 7:30 robbing a auto parked in the Westgate parking lot. They fled the scene in a blue sedan, heading westerly on Memorial Drive. From one was taken an Hitam movie projector and a pair of ski boots; while from another an AM/FM radio was stolen. The total loss exceeded $500.

A 35mm Nikon camera, valued at some $900, was stolen from a photography lab on the second floor of an East Campus area building when left unattended for just a few moments on Wednesday. Investigators are seeking a slim young man around 19 years of age who was seen lurking in the area just prior to the theft.
