Newbury's offers good food close at hand

By David R. Kortez

Newbury's, a Steakhouse with 94 Main Ave. Boston.

If you've been looking for a reasonably priced restaurant with good food and within walking distance of MIT, then Newbury's is the place to go. Newbury's is located at the corner of Newbury and Comm Ave, approximately one block from Cofrin Hall, and across the street from the MIT student store.

Newbury's offers a variety of dishes, including steaks and baked stuffed shrimp. The most popular dish is the king-size chopped shrimp salad, which comes with an extra large amount of shrimp and is served in a large bowl. The portion sizes are generous, and the food is consistently crisp and fresh. The price is reasonable, and the service is prompt and friendly.

In closing, Newbury's is a great place to go for a meal with friends or family, and the food is sure to please everyone. Whether you're looking for a quick lunch or a more formal dinner, Newbury's has something for everyone. So why not give it a try and see for yourself why Newbury's is the go-to restaurant for those who appreciate good food at a reasonable price.

First frat symposium held here

By Dave Dobos

Editors note: The MIT Interfraternity Council (IFC) and the MIT Interclass Council (ICC) sponsored the First Fraternity Symposium last Saturday on the Institute Campus. About 200 undergraduate and alumni were in attendance.

The Symposium's program included three speakers, and three sessions of one-hour seminars on different aspects of fraternity life. Seminar leaders were drawn from the central fraternity representatives, MIT career professionals, and the IFC. The purpose of the events was to provide an informal atmosphere where members could discuss issues of mutual interest.

The program opened with a general session, followed by break-out sessions and mixed panel discussions. The event was held at 8:00 pm in the MIT student center.

The purpose of the symposium was to foster a better understanding between students and alumni and to encourage greater participation in campus activities. The MIT fraternity experience has been greatly enhanced by the symposium, and it is anticipated that similar programs will be held in the future.
