NEW ENGLAND SPEED READING OPENS IN BOSTON

INNOVATIVE TECHNIQUES AND STUDENT DISCOUNTS

New England Reading Lab is offering their famous Speed Reading Course to a limited number of qualified people here in the Boston area. The average person who completes this course can read 5-8X faster, and with substantially improved comprehension and better concentration.

This famous course has taught many thousands of people to read over 1,000 words per minute with ability to understand and retain what they have read much more effectively. Average graduates can read most novels in less than 1 hour. In rare instances, speeds of up to 20X faster have been documented.

For complete details about this famous speed reading course, be sure to attend one of the free 1 hour orientation lectures that have been scheduled. These lectures are open to the public, above age 13 (persons under 18 should be accompanied by a parent, if possible). The course will be explained in complete detail, including class schedules, instruction procedures and a tuition that is much less than similar courses.
