OWN to a 9-3 victory over Tufts Wednesday to give the baseball team second win of the young season.

Tufts fielders committed nine errors to aid MIT's cause. The Jumbos ran off eight consecutive moments of the contest, the visitors had scored twice in five inning and hung on to edge M.I.T. nine errors to aid MIT's cause.

Roundup

Senior captain Dan Sundberg pitched a seven-inning complete game. Shutting off Maritime after the visitors had scored twice in the first.

MIT's next home game will be against a talented Bowdoin squad on Briggs Field Saturday at 7pm. Attackman Dan German scored eight goals and added five assists to pace Tufts to a 20-7 rout over the Owls 12-11 team Wednesday afternoon.

Although MIT dominated the early moments of the contest, the Owls failed to capitalize on several close-in opportunities and the Jumbos ran off eight consecutive goals as the last 11 minutes of the first quarter. MIT could not recover, falling behind by a 1-2 margin. With the game on the line, the Owls regrouped and tied the score at 3 with a go-ahead goal.

This marked the culmination of a great season end performance by Reimer, who just a few weeks earlier found the finals in the Easterns for the first time. He took eight in the Easterns.

The team scored several impressive victories on the way. Reimer beat the man who finished first, Gerard of Notre Dame, and he also convincingly defeated last year's Westerns winner and runner-up to the Easterns. Smith found the eventual first place sabreman. Sterling chalked up a victory against the sixth place upset. Anti-rival Harvard was crushed, the MIT trio taking all three battles against the Crimson. This was a great move that could do to the Easterns. Why? Well, never mind.

That's all. There's no point in going into detail about anything. In fact, the entire season was a disappointment. MIT had hoped for a varsity football team, which the team had attempted to establish, but it was not to be. The team managed to stay in the top six and become an All-American.

The William L. Stewart Awards are given to students in recognition of their outstanding contribution to a particular activity or event.

Stewart Awards

The Karl Taylor Compton Awards are the highest awards given to students in recognition of their excellence and devotion to the welfare of the MIT community in any area, with emphasis on lasting or sustained contributions to the MIT community as a whole, should be recognized.

Send nominations to the Awards Committee, Room W-20-345

Look for an MBA Program?

The program at the University of North Carolina at Chapel Hill has an excellent national ranking. Why? A distinguished faculty, an outstanding student body, an innovative curriculum, and a reputation for quality among employers. For additional information write:
