**notes**

- The annual Harry S. Truman Scholarship Award will be made to current sophomores interested in a career in the public service. The awards will be for $3,000 and are renewable for the senior year and for up to five years of graduate study. All MIT students will be nominated by the president of the Institute. Any student wishing to be considered should contact Dr. Louis Menand III, Room 4-246 (x3-775), no later than Oct. 20, 1977.

- Students in electrical engineering and computer science who wish to apply for graduate work in this department in 1978 are urged to submit their graduate applications by Nov. 1. Seniors in electrical engineering and computer science for graduate work in that department will be nominated by the president of the Institute. Any student wishing to be considered should contact Dr. Louis Menand III, Room 4-246 (x3-775), no later than Oct. 20, 1977.

- The political science department invites all faculty and undergraduate students to an open house on October 15 at 4:30 pm in the new suite (E3-400). Refreshments will be served.

**GMAT**

A new course is now available for persons with strong math abilities to prepare for the Graduate Management Aptitude Test at an accelerated rate. This course is designed for students from MIT and is not available anywhere else. The focus of this course will be on advanced methods for solving 300 GMAT math problems, as well as critical business judgment and verbal skills.

Class times will be 9:00 AM to 5:30 PM, Saturday and Sunday, Oct. 29 & 30. Class size is limited to 15 persons. If you are headed for an MBA this is too important to miss. Decide now. We may not be able to guarantee reservations after October 22. Call or write:

**ENGINEERING GRADUATES, WORK IN A PLACE WORTH WRITING HOME ABOUT.**

In Saudi Arabia you'll be near the cradle of civilization.

You'll see awe-inspiring sights such as the carved alla tamba of Madain Salih, created over 2,000 years ago some 600 kilometers north of Jiddah. You'll have plenty of time to explore, too, because you'll have a 40-day paid vacation and 12 paid holidays each year.

You'll have money enough to travel in style. Your base salary will be competitive with what you can earn in the States. Plus, you'll receive generous tax-protected expatriate premium.

That means your Saudi Arabian take-home pay will be approximately equal to your gross pay in the States.

In addition, you'll be close to the world's top vacation spots: travel throughout the Middle East. Or fly to Rome, Paris and London. Or visit India to the east, Africa to the west.

We'll even fly you back to the States, free, while you're vacationing.

You'll be working for the world's largest oil producing company and one of the fastest growing. Currently, we have over $2.0 billion worth of projects under way in Saudi Arabia, and advancement opportunities are exceptional.

We're looking for Mechanical, Geological, Chemical, Electrical, and Petroleum Engineers with bachelor's, master's, or Ph.D. degrees. If you're graduating this fall, spring, or summer, we'd like to talk to you.

Additional information is available now in your career planning office.
