Darkness Aids Crime
Incidents like the one described above serve as reminders that darkness is the natural ally of street criminals. Depew then of it, and help protect your own safety by walking in well-lighted areas. Even if the lighted route is somewhat longer, your individual safety will be worth the extra steps. This is especially true in the Memorial Drive area, where numerous robberies of various pedestrains frequently occur.

East Campus Larceny
The larceny of a calculator, radio, and around 565 cash was reported late last week by the residents of an East Campus dorm room. The room was left open and unattended at the time of the reported larceny.

Dorm Security Reminder
We wish to remind all campus residents that they are especially careful to safeguard against strangers wandering through shady areas.
