On Wellesley marriages and lonely MIT students

Editor's note: As this The Tech editorial shows, there has always been some concern on campus for the marriage of family institutions, particularly when MIT students were too often left out of these institutions. (Reprinted from Oct., 1955)

A scene-over of last week's Wellesley-Cambridge News concern that Tech men worry too greatly over the insignificant things as grades, money, the Draft (in some order of importance). It's obvious that Wellesley girls are concerned with much more timely topics, such as marriage...

Time stands still at our distillery where we still make Cuervo Gold by hand.

For centuries we've wound our clock by hand.
And for centuries we've made Cuervo Gold by hand.

At the Cuervo distillery it's almost as if time has stood still. Our Blue Naceyes are nurtured by hand, picked by hand, and carried to the ovens by hand, as they have been since 1795.
It is this continuing dedication to tradition that makes Cuervo Gold special. Any way you drink it Cuervo Gold will bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.
