World

Sadat returns to Cairo — Hundreds of thousands of cheering Egyptians lined the streets of Cairo yesterday to welcome Pres. Anwar Sadat back from his visit to Israel. Prime Minister Mufhasha Beni Osman arrived on the trip from the rest of the Arab world has ranged from silent derogatory to extreme hostility, with the most violent objections coming from Syria and Saudi Arabia.

Caramanlis claims victory in Greece — With more than half of the vote tabulated, Prime Minister Constantine Caramanlis has claimed victory for his right-wing party in the Greek national elections held yesterday. But his party's share of the seats in the 300-seat parliament will be reduced from 216 to about 175.

Nation

Schlesinger optimistic — Energy secretary James Schlesinger said yesterday that he is "cautiously optimistic" that there will be adequate natural gas supplies this winter, barring severe cold weather. He is also hopeful that OPEC will hold the line on increases in the price of oil at its meeting in Caracas, Venezuela next month.

Federal study urges bottle ban — A study conducted by the General Accounting Office showed that a national ban on disposable bottle could save up to $300,000 in tons of aluminum, steel and glass each year. Blizzard hits midwest — Wide sections of the upper midwest are taking a severe beating at the hands of a late autumn Blizzard, which has crippled travel throughout the region. The storm dashed 18 inches of snow on International Falls, Minn., and a foot at Casper, Wyo. and Fargo, N.D. Temperatures plummeted to a low of 27 degrees below zero at Butte, Mont.

33 unique homes created from unconventional structures

CONVERTED INTO HOUSES
By Charles A. Fracchia
with over 200 photos by Jeremiah O. Haislip
Viking Penguin
Paperback $6.95

The person who transforms an environment once utilized as a factory, barn, water tower or other nondwelling use into a home is opting for an unusual living experience a flight from increasing conformity, artificiality, anonymous construction and shoddy workmanship that affect modern society. Converted Into Houses will be an inspiration to those who would like to create similar imaginative designs in living because of their interest in preserving the old.

how sure are we that outer space is uninhabited?

Celestial Passengers shows us — with evidence from scientists and through firsthand experience of policeman, pilots, and other reliable witnesses — that there are things in space which we don't understand and can't explain. The book also presents up-to-date reports on the Viking Mars Mission and Earth's plans for space travel and living.
