You can do it, too. So far over 1,000,000 other people have done it. People with different jobs, different IQ’s, different interests, different educations. Students, businessmen, housewives.

These people have all taken a course developed by Evelyn Wood, a prominent educator. They have at least tripled their reading speed with equal or better comprehension. Most have increased their memory.

Some have increased it 10, even 20 times.

Think for a moment what that means.

They don’t skip or skim either. They read every single word. Nor do they use machines. Instead, they let the material they’re reading determine how fast they read.

And—mark this well—they actually understand more and remember more and enjoy more than when they read like you. That’s right. They understand more. They remember more. They enjoy more.

This is the same course President Kennedy had his joint Chiefs of Staff take. The same one Senators and Congressmen have taken, and the same course successfully completed by the thousands of persons in Boston and New England over the past 15 years.

It’s seven weeks long, 2 1/2 hours a week, with classes held regularly in Boston, and suburbs.

Shouldn’t you find out more about it? You can, simply by coming to a free one-hour Mini-Lesson*. We’ll explain the course more fully. Answer any questions you might have.

You’ll be under no pressure to enroll. If you don’t want to, fine. But do come. It could change your life.
