Navy outshoots MIT by 70

By Gary S. Engelbrecht

The varsity pistol team hosted two meets this weekend in the du-
Pont range. Saturday's meet was a disappointing but not entirely
unexpected loss to Navy. An International Sectional Tryout
for air pistol in which several
MIT people did very well was
held on Sunday.

In the first contest Navy turned
in an impressive team total of
3216 to MIT's 3146. The MIT
team was without Captain Dennis
McMullen '78, who would have
been expected to shoot
somewhere in the 790's, to go
with a 796 by senior Dave Schal-
ler and a 798 by senior Philip
Morris, junior David Miller '79
and sophomore Kyle Brown's
796. Sunday's tryouts were part of
a series of such matches which
determine the people to be invited
To Phoenix in June when they will
attempt to become part of the
United States team in a three-day
match. In the open class of
sniping, Barry Colt, a Boston
State instructor and pistol coach,
took top honors with a 376 in in-
dividual competition and a 372 in
the team effort. The First Master
spot was attained by an MIT
graduate student, Steve Goldstein
with a 374 and a 372. Miller became Second Master with a 365
and 376. The second score broke
the collegiate record of 370, but since
they were recorded in team com-
petition they will not become
the new records. In the Expert class
Schaller took top honors with a
333 and 386. An administrator in
the Mechanical Engineering
Department was right behind
Schaller with 352 and 371. All of
these scores are good enough to
receive an invitation to Jane's
match. MIT had no shooters
place in the Sharpshooter or
Marksmen class.
On Dec. 17 the Engineers will
face Boston State and Rutgers at
Jane. MIT is expected to bring	heir 2-1 record up to 4-1 in that
match. The next international
tryouts held here will be on Jan.
22 on which the shooters will about
the free and standard pistols.

Time stands still at our distillery where we still make Cuervo Gold by hand.

For centuries we've wound
our clock by hand.
And for centuries we've
made Cuervo Gold by hand.

At the Cuervo distillery it's almost as if time has stood still.
Our Blue Magueys are nurtured by hand, picked by hand,
and carried to the ovens by hand, as they have been since 1795.
It is this continuing dedication to tradition that makes
Cuervo Gold special. Any way you drink it Cuervo Gold will
bring you back to a time when quality ruled the world.

Cuervo. The Gold standard since 1795.
