We designed The MBA to help professionals arrive at fast, accurate answers to a broad range of business and financial problems. The same ones you'll face in your business classes.

Interest, annuities, accounting, finance, bond analysis, real estate, statistics, marketing, forecasting, quantitative methods and many more course applications are in your hands with The MBA.

This powerful calculator also features preprogrammed functions that let you perform more difficult calculations at the touch of a key. Instantly. Accurately. You may also enter your own programs up to 32 steps long, saving significant time if you're redoing repetitive classwork problems.

The fact that The MBA calculator was designed for business professionals is a great reason for buying one while you're a student.

The MBA comes with an illustrated text, "Calculator Analysis for Business and Finance." This new guide shows you how simple calculator analysis can be with The MBA calculator. It's 288 pages of understandable, easy-to-follow reading. And it's coupled to more than 100 real-world examples that show you step-by-step how to make calculator analysis work for you as never before.

If you're building a career in business, The MBA business financial calculator can be one of your strongest cornerstones.
