Baker volunteers aid Nat Guard
By George Caan
About sixty Baker residents volunteered their time Tuesday night in an attempt to help people trapped in Cambridge by the snow. Because school had been cancelled, students had time to help the residents of Cambridge contend with the snow. They decided to help the National Guard in bringing in supplies to people trapped in the Cambridge area.

Varied UAP styles
(Continued from page 4)
By so doing, he avoided the traditional student politician's dream of uniting the student body both socially and politically, a task that seems nearly impossible. Berke's refusal to do anything himself by calling on others to run activities, has, for the most part, led to little noticeable activity on the behalf of students although his supporters claim that this is effective behind the scenes. Whether it is Berke's fault or not, stake and student involvement in the UA is at an all-time low.

If Berke is right and representative government at MIT is impossible, the UA will become even more than it is now, only one of the many student activities. If a united student government is possible, many changes will be needed in the organization of the UA and, more importantly, in the way student leaders think.

A singing bowl is it over?)
Don't get lost in the computer career maze...
START AT PRIME

If you think finding your way around the computer career maze has to be confusing, think smart.
If you think all computer companies offer the same challenges and opportunities, think twice.
And if you know there's a difference between a computer job and a computer career, think Prime.

Prime Computer is the fastest growing high-technology computer manufacturer in the world. We need bright, career-minded engineers who are ready to meet the challenges of today's technology and make original contributions for tomorrow's computers.

Prime Computer will be here soon and if you'd like to talk to us about a computer career, we'd like to talk with you. In fact, if you find our interview sheets at the Placement Office are full, sign up anyway. We'll make the time to meet with you. And you'll talk with members of our engineering department. Tell us about a computer career at Prime.

While you're signing up, take one of our brochures. It includes our answers to some questions we think you should ask any college recruiter. And when you read the brochure you'll see what three graduates of the class of '77 have to say about why they came to Prime, Prime Computer. Think about us.
