Swimmers miss 2nd by 1 point

(Continued from page 12)

Among the outstanding swims recorded was the amazing performance of Tim Ramsey '79 in the 200-yard breaststroke. Ramsey completed the eight laps in 1:34. He was one of six MIT freestyle swimmers who swam the 100-yard freestyle race in 51. Two years ago the Beavers had only one swimmer who could accomplish this feat.

Chris Moss '80 set a pool record when he took the gold in the 100-yard breaststroke with a 1:33.6 clocking. In the 100-yard butterfly, Greg Flore '79 picked up a silver medal. Flore's butterfly leg of the 400-yard medley relay relay and the 100-yard breaststroke events. On the diving boards Ken Brady '79 was awarded a silver medal at one meter and a bronze medal at the three meter height.

Swimming vs. Bowdoin .... 2pm
Swimming vs. Coast Guard ....... : lpm
Swimming vs. Washington & Lee at the Alumni Pool.

Chris Moss '80 set a pool record when he took the gold in the 100-yard breaststroke with a 1:33.6 clocking. In the 100-yard butterfly, Greg Flore '79 picked up a silver medal. Flore's butterfly leg of the 400-yard medley relay relay and the 100-yard breaststroke events. On the diving boards Ken Brady '79 was awarded a silver medal at one meter and a bronze medal at the three meter height.

The team missed three days of practice last week because of the blizzard. Third year coach John Benedick bicycled twelve miles to the pool, because of the driving rain, to run-practices this past Fri-

Day, Saturday and Sunday. Tomorrow MIT faces the Bow-
doin Polar Bears at the Alumni

Pool.

EARN OVER $650 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or a senior majoring in math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as $650 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll receive an additional year of advanced technical education. This would cost you thousands in a civilian school, but in the Navy, we pay you. And at the end of the year of training, you'll receive a $3,000 cash bonus.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have qualified for an elite engineering training program. With unequalled hands-on responsibility, a $2,400 salary in four years, and gilt-edged qualifications for jobs in private industry should you decide to leave the Navy later. (But we don't think you'll want to.)

Ask your placement officer to set up an interview with a Navy representative when he visits the campus on February 27, or contact your Navy representative at 617-223-6216 (collect). If you prefer, send your resume to the Navy Nuclear Officer Program, Code 312-B468, 4015 Wilson Blvd., Arlington, Va. 22203, and a Navy representative will contact you directly. The NUPOC-Collegiate Program. It can do more than help you finish college: it can lead to an exciting career opportunity.
