**WHY ARE THESE MIT GRADS SMILING? THEY MADE THE PRIME DECISION!**

Here's 16 per cent of Prime's engineering staff. They're MIT graduates.

There are a lot of reasons these MIT grads decided to work for Prime Computer. They like Prime's state-of-the-art design philosophy. They like the fact that they can work in a variety of technological areas, not just one narrow specialty. They know their college background has been expanded and enlarged, and they feel they're doing interesting and meaningful work at Prime.

Prime Computer is the fastest growing high-technology computer manufacturer in the world. We need bright, career-minded engineers who are ready to meet the challenges of today's technology and make original contributions for tomorrow's computers.

Prime Computer will be here soon, and if you'd like to talk to us about a computer career, we'd like to talk with you. In fact, if you find our interview sheets at the Placement Office are full, sign up anyway. We'll make the time to meet with you. And you'll talk with members of our engineering department who'll tell you what it's like to start your computer career at Prime.

While you're signing up, take one of our brochures. It includes questions we think you should ask any college recruiter. And when you read the brochure, you'll see what four recent graduates have to say about why they came to Prime.

They made the Prime decision. Shouldn't you?

**Since 1795 we've welcomed our guests with our best. A traditional taste of Cuervo Gold.**

Visitors to Cuervo have always been greeted in a special way. They're met at the gates and invited inside to experience the unique taste of Cuervo Gold.

This is the way we've said "welcome" for more than 180 years. And it is as traditional as Cuervo Gold itself.

For this dedication to tradition is what makes Cuervo Gold truly special. Next, on the rocks, with a splash of soda, in a perfect Sunrise or Margarita, Cuervo Gold will bring you back to a time when quality ruled the world.

**Cuervo. The Gold standard since 1795.**
