Tech Show tradition reappears
(Continued from page 1)
by the administrative Tech Show Writing Committee earlier in the fall term. Tavis liked the idea and wrote the play when he heard that Tech Show was looking for scripts.

In Loved and Lost, or That Old Huck Magic!, David Dudley, an intrepid electrical engineer played by Jerry M. Stringham '81, is transported to a dream world by a wizard played by Marc J. Chelmer. Dave's efforts to get back to his work are complicated by the wizard's three daughters.

Dave falls in love with one of these daughters, Sulama, played by Elizabeth Hart '81, of Wellesley. A more familiar setting is the Broadway theater. A more familiar setting is the

Hillel wins College Bowl
(Continued from page 1)
Lincoln Lab staff member Kenneth Wickwire, as well as Reiss. Hillel and Gallinandy became the third and fourth place qualifiers for Thursday's playoffs, behind Heirs of Chamberly and Croatan, in a preliminary written exam entered by 58 MIT teams. In the semifinals, Hillel upset Heirs of Chamberly 310-290 and Gallinandy shocked Croatan 310-195 to surge into the finals. Said Alexander dryly, looking askance after Hillel's triumph, "We did this by hard work." He then declared, "Actually, the way we did this was by not worrying about it."

Nussbaum and Stiefel were on a Hillel team two years ago that won the MIT Championship. Last year's MIT Champion was Russian House, led by Steve Karel '81, the highest scoring individual in the preliminary exam last year and this year.

State told The Tech Monday, "We were planning to look at the tapes of previous MIT finals, which are in Barker [Engineering Library]." In preparation for the regionals.

The defending Region 1 Champion is Yale; the defending National Champion is Stanford.

An invitation from IBM to disc...

If you are thinking about a career in engineering, computer science or sales/marketing, IBM is certainly one company you should consider.

IBM provides a uniquely creative environment in which talented people are encouraged to accept the challenge and responsibility offered by one of the prime growth industries: information technology.

We can offer you a remarkable variety of career opportunities in many areas. Come and talk with us. We'll be interviewing at M.I.T. all day, February 16. The Placement Office will be happy to set up your appointment.

In the meantime, if you would like to know more about us and the many opportunities we offer, our career brochures are available at the Placement Office. Wayne Dickert
