Many of this year's freshmen have already become highly involved in the goings on of the MIT community while others have only now started to feel comfortable about venturing beyond the tooling and weekend beer-blasts. Until now there have been few large scale events which have been planned, organized, and carried out by the freshman class. Now that we are about to have class officers let's take advantage of this, let's get to work as class and feel like a CLASS!

Mark Goldberg

I am an expert to become involved in student government at MIT, having had a wide range of leadership experience in high school student government, United Synagogue Youth and as editor of my high school newspaper. Presently, I am serving as an officer of the IFC representative of my fraternity, Beta Theta Pi. Major areas of concern for me as a class officer will include encouraging school spirit and student awareness by involving more individuals in student government and by sponsorship of class activities. I am still able to avoid the general MIT student apathy by acting now. Please vote Mark Goldberg for SEC/TREAS.
