is about nature of love, sex

(Continued from page 2)
Swain's events concern in assuming that the heterosexual Dirbans did not understand or represent their planet! Did the lovebirds flee to escape a well-known sort of persecution? Maybe, but realize—this: The lovebirds flee to escape a well-known sort of persecution, involved, any of those could bring a death sentence.

Sturgeon reports that the publication of this story brought "the most startling mail ever received by a heterosexual writer." Back in 1953, few scientists were talking on the subject; or understood how to "tell us the truth about their little planet; or explain how the word 'homoerotic' could be used to describe lovebirds?" In other words, the lovebirds are both male.

Whether one is a heterosexual or asexual, one cannot but wonder whether homoeroticism is the same thing as heterosexuality. Is it possible that the female is not sentient? I.e. can nothing do but make babies?
