Women's program a success

By Gordon R. Half

One of the biggest changes is the MIT sports scene over the past decade has been the dramatic increase in the diversity of women's sports. The oldest women's varsity sport, sailing, is women's sports. The oldest past decade has been the dramatic increase in the diversity of women's sports. The oldest women's varsity sports, sailing, is women's sports. The oldest past decade has been the dramatic increase in the diversity of women's sports. The oldest women's varsity sailing, is women's sports. The oldest past decade has been the dramatic increase in the diversity of women's sports. The oldest women's varsity teams.

Jane Betts, the Director of Women's Athletics since fall of 1974, attributes this increase to the fact that "women in this country as a whole are becoming more active and participating more."

A short course in Bonded Bourbon.

History lesson: in 1897, Congress passed the Bottled-in-Bond Act which established the standards for Old Grand-Dad and other Bonded whiskies. Old Grand-Dad is still bottled in Bond under U.S. government supervision.

Old Grand-Dad Bonded is authentic Kentucky sour-mash Bourbon, made with clear limestone water, the fragrant grains, and aged in new charred-oak barrels.

Only Bonded whiskies have a green tax stamp. If your guarantee that the whiskey is at least four years old, Old Grand-Dad Bonded is always aged longer.

100 percent: Bonded Bourbon must be 100 proof. No more. No less.

The final exam. You need only one sip to recognize the clearly superior quality and taste of Old Grand-Dad.

Cheers!
