**Women's Softball improved this year**

By George E. Hall

In its second year of existence as a varsity sport, the women's softball team won a 4-0 record, a substantial improvement over last year's winless season.

Mrs. Rorabaugh, '80, the team's captain, is confident that the team can improve on this record next year since only one of this year's team members is graduating.

According to Rorabaugh, the primary reason for this year's improvement was Jill Smith '81, who replaced a graduated senior as the starting pitcher for this season. In addition, Rorabaugh was pleased with the squad's defensive capabilities. However, she also said that the squad's hitting was not very good at this season. The major difficulty which the team encountered was a lack of personnel. The varsity and JV combined had only 13 people, a decrease from last season. However, with only one person graduating and a crop of incoming freshmen next fall, this problem will hopefully be resolved for next season.

**Tennis finishes up at 4-8**

By Ted Eppi

The varsity tennis team began their season with their annual southern trip. The trip took them to North Carolina to sharpen their skills against UNC, Davidson, Highpoint, Philer, and Georgetown. An inspired team returned from the southern trip ready for the start of the regular season.

Early in the season, team members Yordi Mantia, Captain, Jan Drobue '79, Marc Julian '79, Joe Pasquale '80, Charlie Calkins '81, Alex Hamus '81, and Jay Napoleon '81 ripped through their opponents, compiling a 4 and 0 record. With a sound 7-2 win over Wesleyan the team secured a place at the New England Championships.

However, the team began to run into some difficulties. Although the subsequent matches were closely contested (each having four three set matches) the team could not put together five matches for a victory. At the conclusion of the season the team headed towards for the New England Championships. Stan Drobue scored a first round victory then moved on to play the first seed. He was not as successful in his second match. The doubles team of Alex Hamus and Joe Pasquale also scored a first round victory. In the next round, they drew a match with the first seed and lost, ending their tournament hopes. After a tough first round three set loss Charlie Calkins won the consolation tournament. The team will be losing their top three players to graduation but they are optimistic nevertheless.
