MITS seniors entering their first year of graduate study in September 1980 are invited to apply for the Danforth Postdoctoral Fellowship Awards. Each student must submit to Dean Jeanne Richard in the Graduate School Office (Room 3-136) before October 19, 1979, a brief account (1-2 pages) of his or her plans for graduate study and an academic record in addition to a letter of nomination from a faculty advisor or counselor. These should indicate such things as your undergraduate educational and extra-curricular activities, detailed plans for doctoral study, and career objectives with special emphasis on your interests in university teaching. On the basis of these essays, plus a personal interview, a final committee will select for the national competition. Written essays must be submitted to Dean Richard before October 19, 1979. Personal interviews will be scheduled for Saturday, November 3, 1979.

MIT Tech wishes the Football Club to speak. Further than this was announced that the President of the Student Council was to speak. Looking Back

Football railroaded in 1901

Editor's note: With the first game of the season tomorrow, The Tech wishes the Football Club much more luck than they had in 1980, as reported in two articles from October 17, 1980.

Last Friday morning notices arrived announcing a mass meeting to take action on Football interests were posted about the Institute. It was announced that the President was to speak. Further than this the meeting was not indicated. Previous to this meeting was a mass meeting called by the Institute committee to take action on abolishing the Cane Rush. About 100 students assembled at this meeting to which Dr. Pritchett spoke. Having finished his remarks in regard to the abolition of the Cane Rush, the President spoke of the Football at the Institute. The purport of this remarks was that he was not in favor of football at Tech because very few men could afford the time for the game. After further remarks, the President left the hall, and many students, thinking the meeting adjourned left at the same time, so that when the action was taken in regard to football, there were about half the original number of students present. The Chairman, after a few remarks, asked for an expression from those who wished to have Technology represented by a football eleven. The resulting vote was 119 against and 117 in favor of no eleven. On the strength of this mere expression of opinion from a small minority, the idea of the surprise of all, was disbanded. The vote taken meant nothing, since it was the expression of only a part of the student body; and the disbanding of the eleven on such grounds was probably unconstitutional. It would have been constitutional to have referred the question to the Advisory Council and let the expression of the student vote count for what it was worth. The Council was created for just such purposes, and had the question been referred to therein probably the right end.
