Finding your way out of the jungle of companies that visit your campus each year is tough. Sometimes you haven’t even heard of them before they arrive for interviews. In order to survive, you have to take the necessary precautions.

**KNOW THE COMPANY.** We’re Lawrence Livermore Laboratory, operated by the University of California for the U.S. Department of Energy, and we’re involved in many exciting projects concerning energy, national defense, and bio-medical research. Some of our major projects include:

- Nuclear Weapons R&D
- Laser Fusion
- Magnetic Fusion Energy
- Automated Cytological Diagnosis of Human Cancer
- A Search for Alternatives to Fossil Fuels: Solar, Wind, Geothermal, Oil Shale, Coal Gasification

**KNOW THE LOCATION.** The Lab sits in California’s Livermore Valley—a country of open space, beautiful hills and lakes, a country of cattle, and a country of vineyards—just minutes away from the San Francisco Bay Area.

**KNOW THE ATMOSPHERE.** You’ll work with top scientists on projects that go well beyond the state-of-the-art, and you’ll find a friendly environment where the freedom to determine your own pace and direction is the key.

We want you to know about us. If you have or are about to receive a degree in engineering or computer science, see us on campus at your Placement Office. Or contact us for more information about our many career opportunities by sending your resume to Employment Division, Lawrence Livermore Laboratory, P.O. Box 808, Dept. JCN, Livermore, CA 94550.

U.S. Citizenship Required. An Equal Opportunity Employer. M/F/H/V.
