Imagine the Challenge at Teradyne.

Creating, manufacturing, and marketing the test systems that keep electronic technology growing is the business of Teradyne, the world's high-tech leader in automatic test equipment (ATE).

Every bit as sophisticated as the technology it must judge, ATE presents an especially exciting challenge to the most creative minds.

What keeps Teradyne in the forefront of this industry, and makes it such a rewarding place to work, is the fact that here creative minds are actively sought out and encouraged to sparkle.

The nature of our work demands it.

To imagine your future at Teradyne, check the Placement Office and talk to the Teradyne representative coming soon to your campus.
