Swimmers qualify for national championships

By Rich Auchus

The MIT swimming team has already qualified three people for five events in the National Championships taking place in Chicago. Dave Erickson '82 qualified to compete in the 100- and 200-yard freestyle with times of 1:46.9 and 46.2 and John Schmitz '83 qualified to compete in the 400-yard freestyle with a time of 4:22.2 in the 400-yard individual medley. Karen Charnip (1979) is expected to represent MIT in theilling in the 500- and 1,500-yard freestyle events, while the women's team is preparing for its first trip to the nationals. The women's team is also expected to qualify three swimmers for the nationals. The team is currently ranked second in the nation in the women's division.

Hockey

By Rich Auchus

The MIT hockey team qualified for the National Championships later this winter. Dave Erickson '82 qualified to compete in the 100- and 200-yard freestyle with times of 1:46.9 and 46.2 and John Schmitz '83 qualified to compete in the 400-yard freestyle with a time of 4:22.2 in the 400-yard individual medley. Karen Charnip (1979) is expected to represent MIT in theilling in the 500- and 1,500-yard freestyle events, while the women's team is preparing for its first trip to the nationals. The women's team is also expected to qualify three swimmers for the nationals. The team is currently ranked second in the nation in the women's division.

Wrestlers beat Williams, Chasseys sees progress

By Rich Auchus

The MIT wrestling team landed one victory in a quadrangle meet this Saturday, coming from behind to defeat Williams, 21-23. The win was the first for the young team, Stenard expressed optimism about the team's progress. "We've been working hard in the gym and the wrestlers are really doing a very good job," he said. "We're excited about the future and looking forward to the next match." Stenard and his teammates will be gearing up for the New England Championships on Feb. 21 and 22 and attempting to qualify for the Nationals as their season draws to a close.

Hockey

By Rich Auchus

The MIT hockey team managed another come-from-behind victory last week, defeating Tufts, 7-4 at BU. The team is now 2-0-2 and has started the season with a bang. The team is currently ranked third in the nation in the men's division.

At C-E, we're always looking for new sources of energy. Your energy can help.

We're The Energy Systems Company.

Helping to develop the world's energy resources. Extracting them, pumping them, conserving them, and cleaning up after them. At C-E, you could become involved with some of the most exciting and most advanced energy engineering programs underway today.

The C-E Power Systems supplies the internals of nuclear reactors, such as the support plate into which over 800 tubes are rolled and welded (left). C-E Natco equipped this gas production platform in the Gulf of Mexico with production processing equipment (center). C-E Limmus supplied the proprietary technology for Brazil's largest petrochemical complex (right).
