**New MIT Social Council Proposed**

This past Sunday, representatives from the UA/MIT Social Committees, Student Center Committee, General Assembly, IFC, and DormCar met to consider restructuring social planning next year.

All participants enthusiastically endorsed a proposal to create a Social Council that would serve as a representative to a large collective body, the MIT Social Council. This body would meet monthly in order to facilitate information exchange, coordination, budget approval, and the proposal of new ideas. A smaller component would be an Executive Board, which would meet once a week in order to execute short term plans.

The Campus Social Chairman would be elected by the full Social Council.

This proposal will need to be formally chartered and ratified by the General Assembly early next fall.

**Senior Week**

With these behind, it's time to look ahead to senior week and commencement. Senior week is guaranteed to be a blast. It will all start on Thursday May 29 with a Wandering Pub during the evening. Then, on Friday there will be the Last Tango '80 in the Student Center. Finally, the Carnival on Saturday will conclude the festivities. Tickets for the latter two events are on sale now in the Lobby 10.
