Three Ways to Share Your Knowledge . . .

Massachusetts Science Institute
MSI offers intensive science courses to Boston students whose schools do not offer the level of material necessary for a technical college. Teachers in broad and specific fields of science are needed.

SAT Preparation
SAT Prep works on the three major areas of the SAT — Math, Verbal and teamwork. Individual concentrations on grammar, analogies, geometry and the like are planned. We need your specialty.

High School Studies Program
HSSTP presents greater Boston high school students with seventy or more courses ranging from astronomy to zoology and Newtonian Mech. to Origami to Theatricraft. Design your own courses, for students who wish to learn.
