Computer sci. effects viewed

by David Lingelbach

Tuesday, September 30, 1980

Recognized with Archimedes and Newton as one of the three greatest mathematicians, Karl Gauss also pioneered math in astronomy, gravitation, electricity and magnetism.

E-Systems engineers are continuing in his footsteps today. They are pioneering technology and solving some of the world's toughest problems in electronic transmission and signal-reception in an interference and noise background using basic Gaussian concepts.

E-Systems continues the tradition of the world's great problem solvers.

Lloyd K. Lauderdale, V.P., Research and Engineering, E-Systems, Corporate Headquarters, P.O. Box 226030, Dallas, Texas 75265

the older generation has a lot of stuffy ideas... c igarette smoking is one!

American Cancer Society

FOR A REPRINT OF THE "GAUSS" POSTER, OR TO ORDER "THE GAUSSIAN FREEZE" IN LARGE LETTERS, WRITE:

Lloyd K. Lauderdale, V.P., Research and Engineering, E-Systems, Corporate Headquarters, P.O. Box 226030, Dallas, Texas 75265

List $75.95
Sale $62.99

Cambridge Office Furniture
(New and Used)

57 Walnut St., North Cambridge
Wed, Th, Fri 9-5 am, Sun (9100 block)
