If you're looking for a high technology company, you've found the one that gives you unlimited opportunities right from the start.

Wang.

We're working to create the office of the future, with a complete line of small business computers, medium to large-scale computers and the world's leading word processing systems. And for the past five years, we've been one of the fastest growing companies in the world.

But don't just come to Wang because we're big. Come to Wang because we're small. Small enough to value the people behind our products as much as the products themselves. And small enough to remember that a good idea doesn't always come from the top. And there's plenty of room for you and Wang to grow together.

At Wang, high technology is our business. But our best ideas are you.
