Money Makes the World Go Round . . .

and it’s nice getting your share! The Tech needs an Advertising Manager, responsible for administration of the day-to-day ad business we get. In turn, you get commissions of 7% which presently works out to about $75 weekly.

If you’re responsible and interested, call Rich Epstein at x3-1541.

The Tech

$10,000

Yes, we have ten thousand dollars waiting for you to invest in stocks and/or money market fund. To find out more about our stock market game, come to the next meeting of the I. A. S. on Wednesday, October 22 at 7:00 in RM 38-466. Investment Analytic Society at MIT on exchange of investment ideas and information. Pro 39-414 x2-7312

At C-E, we’re always looking for new sources of energy.
Your energy can help.

We’re The Energy Systems Company.

Helping to develop the world’s energy resources. Extracting them, pumping them, conserving them, and cleaning up after them.

At C-E, you could become involved with some of the most exciting and most advanced energy engineering programs underway today.

The leading standardized nuclear steam supply system.

Efficient utility scrubbers that remove SO2 from stack gases.

Oil and gas drilling systems that operate at depths of up to 6,000 feet. Wellheads that control working gas pressures up to 15,000 psi. And other products too numerous to mention here.

You’ll have the opportunity of putting your engineering schooling and experience to work, utilizing and sharpening the other skills you already have, and branching into new areas.

We’re a $2.33 billion company that’s been supplying equipment, technology and research to energy industries for over 65 years. Approximately 46,000 employees are located throughout the United States and around the world.

C-E, helping to develop energy resources worldwide.

C-E Power Systems supplies the internals of nuclear reactors, such as the support plate into which over 800 tubes are rolled and welded (left); C-E Natio equipped this gas production platform in the Gulf of Mexico with production processing equipment (center); C-E Lummus supplied the proprietary technology for Brazil’s largest petrochemical complex (right).

If you’d like to know more about the numerous career opportunities available with The Energy Systems Company, write: Corporate College Opportunities, Combustion Engineering, Inc., 500 Long Ridge Road, Stamford, Connecticut, USA 06902.

Translations into your native language are needed for industrial literature. You will be well paid to prepare these translations on an occasional basis. Assignments are made according to your area of technical knowledge.

We are currently seeking translators for:

- Arabic • Chinese • Danish • Dutch
- Farci • French • German • Greek
- Italian • Japanese • Korean
- Norwegian • Polish • Portuguese
- Romanian • Spanish • Swedish

and others.

Into-English translations from Russian, East European languages and many others also available.

Foreign language typists also needed.

All this work can be done in your home!

Linguistic Systems, Inc. is New England’s largest translation agency, located a block north of the Central Sq. subway station.

For application and test translation call Ms. Tabarie
