E-SYSTEMS

The problem solvers.

Recognized with Archimedes and Newton as one of the three greatest mathematicians, Karl Gauss is also considered one of the three greatest astronomers and physicists of the 19th Century. He contributed to many fields including gravitation, electromagnetism, and number theory. See page 19 for a reprint of the Gauss illustration and a study analyzing the impact of his work on the field of mathematics.

E-Systems continues the tradition of the world's greatest problem solvers.

E-Systems "pioneering" in communications, data, antenna, intelligence and reconnaissance programs, and computer processing. E-Systems is one of the first to develop the technology that is often the first of a kind in the world.

For a reprint of the Gauss illustration and information on career opportunities with E-Systems in Texas, Florida, Indiana, Utah or Virginia, write:
