Graduating Engineers

There’s still time to join The Tradition on the Move!

Attend RCA’s Open House

Friday, May 8
Saturday, May 9

Career opportunities are available at RCA Burlington, right now! RCA technologies extend from mini- and micro-computers to distributed processing, electro-optics, automation, and C3I systems. As a recent graduate in electrical engineering or computer science, this means an opportunity for a variety of challenging work projects ranging from tiny devices to super-systems.

We are the only RCA plant in New England and employ 300 engineers. The informal structure means that achievers get high visibility. And you always have the backing of RCA’s worldwide corporate resources. Our employment has doubled in the last 5 years alone, while sales have tripled! And the future looks even brighter.

You are cordially invited to our Open House where our managers will be happy to discuss an RCA career. A buffet will be served. The Open House will be held Friday, May 8th from 5 PM to 9 PM and Saturday, May 9th from 9 AM to 2 PM. The location is shown on the map.
