between fraternities and other
fraternities and dormitories," remarked
Goldberg. "I have never seen a
more cordial rush since I've been
here."

Goldberg continued, "I think
the cooperation was apparent in
the rush meetings." Goldberg
noted that he and other fraternity
representatives had met several
times in recent months to discuss
rush activities. Goldberg also indicated
"We're sitting pretty right now."
He added, "All of the Rush
Committees from all over the
campus, were once again
highly
cooperated. He indicated that
approximately 750 shuttle trips were
by about 60 McComick with

Another good deal!"

get a $20 rebate on
the TI-59 Programmable.

Even without the $20 rebate, the TI-59 is special—it's our most
powerful programmable and we've never offered it at a lower price.
The TI-59 gives you up to 960 program steps, or up to 100
memories, plus magnetic card read/write capability. You can also
slip in one of TI's Solid State Software modules and successfully
attack complex engineering, business, statistical and scientific
problems. And by adding the optional PC-100 printer, you can
record your calculations.

so if you like the idea of
having real programmable
power, take us up on our
rebate offer. Buy a TI-59
now, and fill out the coupon
below. The offer ends
