Get a $20 rebate on the TI-59 Programmable.

Even without the $20 rebate, the TI-59 is special—it’s our most powerful programmable, and we’ve never offered it at a lower price.

The TI-59 gives you up to 960 program steps, or up to 100 memories, plus magnetic card read/write capability. You can also slip in one of TI’s Solid State Software™ modules and successfully attack complex engineering, business, statistical and scientific problems. And by adding the optional PC-100C printer, you can record your calculations.

So if you like the idea of having real programmable power, take us up on our rebate offer. Buy a TI-59 now, and fill out the coupon below. The offer ends Dec. 31, 1981.
